Making A Difference In A Town That Is Different!

Beach Trash Shocker

Thanks to the persistence and dedication of **Maida Remmer**, long time beach cleanup captain and FJB box sign sponsor, the results of our beach cleaning efforts are now in terms that EVERYONE CAN GET THEIR ARMS AROUND: TOTAL WEIGHT. You'd better sit down for this:

7 6 7 lbs.

That is what 115 FJB volunteers pulled from the beach and weighed (with scales from home) at the September 2 cleanup, sponsored by *The Jupiter Courier*. According to Maida, this includes 97 lbs. worth of flywheels (someone is doing auto repair at the beach???)

Hard-working volunteers from the JHS MARS Robotics Club.

Capt. John Logan prepares his FPL team to head to beach.

At the August 5 cleanup, sponsored by FPL, 150 volunteers picked up 450 pounds of trash, garbage, bottles, cans, plastic, packaging, cigarette butts, fishing line, boat debris, lawn chairs & picnic ware. These numbers are sickening...our beach shouldn't be a dump, and no one should endanger the precious marine animals who share this place with us. *Who are the inconsiderates who leave all this garbage on the beach and shouldn't they be fined, punished harshly?*

And who would clean it all up if we, Friends of Jupiter Beach, didn't??

GREAT IDEA MAIDA!

THANK YOU CLEANUP SPONSORS!
